

# **Uncharted Territory: Co-developing Core Values for Psychiatrists**

**Veryan Richards**

**Promoting evidence-based and values-  
based practice in person-centred care**

- 
- **Royal College of Psychiatrists  
Strategic Plan 2015-2018**
  - **To implement its vision fully,  
the College will need a broader  
set of values**

- 
- **Core Values for Psychiatrists – Development**
  - **A robust, relevant and empowering framework for clinicians and patients**

- 
- **Core Values Framework - Application**
    - **Contributes to shaping:**
      - **Policy**
      - **Planning**
      - **Training**
      - **Practice**

**Provides context for the delivery of the attributes and skills outlined in:**

- **Good Psychiatric College Report**
- **GMC Joint Statement of Professional Values**
- **Service Models in Adult Psychiatry**

## **‘Are we doing too much?’ Simon Wessely**

- **Complexity of values and dynamics**
- **Co-production**

**‘Core Values for Psychiatrists’ we hope will:**

- **Be a timely document**
- **Strengthen the fabric of mental health care**
- **Facilitate a positive impact on the processes and outcomes for patients and clinicians**
- **Be an example of effective collaborative working and co-production**
